

## Senior Acoustic Consultant – Brighton Office

We are currently seeking a Senior Acoustic Consultant with a minimum of 5 years' relevant experience to join our existing team in the Brighton Office. The successful candidate will have the opportunity to contribute to both the technical and commercial growth of our Acoustics business within the UK. Candidates will have a relevant first degree or post-graduate qualification (e.g. Diploma in Noise & Acoustics); along with corporate membership of the Institute of Acoustics; and should also be able to demonstrate technical knowledge across a range of acoustics disciplines, effective report writing skills and project management experience. A full driving license is essential.

This is an excellent opportunity to join an established yet small team at a significant time during an exciting period of growth; and with outstanding scope for progression and a real opportunity to contribute strongly to the continued development of the skills base within the group.

Our acoustic service is varied including: environmental noise and vibration; construction; statutory nuisance; transportation; manufacturing; retail; minerals; power and wind energy; architectural acoustics and sound insulation testing; and expert advice in planning inquiries. We maintain a range of noise and vibration instrumentation embracing state-of-the-art technology. Our work is supported by a comprehensive noise mapping and prediction capability. We utilise CadnaA and other proprietary software to model noise sources from roads, railways, aircraft noise, construction sites and industry and have also developed in house calculation tools. Recent and current projects include work on a new Museum of London, HS2, major housing developments for a wide range of developers, Thames Tideway, detailed design of noise and vibration mitigation solutions, noise at work etc.

Salary is negotiable. There is a staff pension, a health insurance scheme and the annual leave entitlement is 23 days plus Bank Holidays. ACCON supports continuing professional development.
